SECTION 1 - COMPLIANCE AND GENERAL STATEMENT

This policy complies with the statutory requirement laid out in the Special Educational Needs and Disabilities Code of Practice 0 – 25 Years (April 2015) and has been written with reference to the following guidance and documents:

- Equality Act 2010: advice for schools DfE Feb 2013
- SEND Code of Practice 0 -25 Years (April 2015)
- Schools SEN Information Report Regulations (2014)
- Statutory Guidance on supporting pupils at school with medical conditions (Dec 2015)
- Safeguarding Policy
- Accessibility Plan
- Teachers' Standards (2012)
- United Nations Convention on Rights of the Child (1991)
- Education and Childcare during Covid-19 Guidance (2020)

This Policy has been created to ensure compliance with the Department of Education's SEND Reforms, which address measures outlined in the Children and Families Act 2014. The Act includes changes to the support and services children and young people with special educational needs and disabilities will receive. These changes came into force on 1st September 2014. This policy has been created by Kate Rogers, SENDCO, in liaison with the Headteacher, SEN Governor, SLT and staff, with due regard to the input of parents and pupils with SEND.

Meare Village Primary School is a small school located near Glastonbury in Somerset. We approach learning in a way that will inspire our children whilst ensuring they rise to the challenge of our high expectations in terms of academic achievement, behaviour and dispositions.

We provide a rich varied curriculum linked to real life relevant events. We explore ideas within a local context, wherever possible but also seek to ensure our children are informed about the wealth of opportunities the world offers them. We are constantly offering our children wider experience and always asking people to come and talk to the children about their lives and experiences, jobs, lifestyles, talents and beliefs. We encourage our children to take responsibility for themselves, their peers and their planet. We aim to nurture innovation and independence.

Our aim, at Meare Village Primary School, is to ensure that all children fulfil their potential, make the best possible progress and enjoy their learning experience. When planning, teachers set suitable learning challenges and respond to children's diverse learning needs. Teachers take account of these requirements and make provision, where necessary, to support individuals or groups of children and thus enable them to participate effectively in curriculum and assessment activities.

The school holds the following awards: Investor in People, The Basic Skills Agency Quality Mark, Artmark Gold, Healthy Schools Plus (South West) and is rated Ofsted Outstanding.

In compliance with the SEN Code of Practice, 2015 and SEN Reforms, there is a graduated approach to the identification, provision and support of all pupils which includes a period of close monitoring and targeted provision prior to the consideration being given to place a child onto the school Record of Need (RON). Should a pupil require provision that is additional and different they are placed on the RON under one single category, namely SEN Support. Their provision will be identified and progress monitored via Individual Provision Mapping (APDR). This policy sets out our commitment to raising the aspirations and expectations for all pupils with SEND, including those identified as Gifted and Talented.

SECTION 2 - AIM

The overarching aim of this policy is to ensure that the needs of pupils with SEND, and the barriers to their learning, are accurately identified and effectively met so that they are able to achieve well and develop well, both as individuals and as members of the community, living life with dignity and independence. (UNCRC Article 23)

To this end, we aim to:

- a) Assess pupils accurately, track their progress regularly and adjust provision in the light of ongoing monitoring.
- b) Ensure that lessons are stimulating, enjoyable and well differentiated to meet the needs of all pupils, including those with SEND.
- c) Ensure that teaching and learning is multi-sensory.
- d) Make sure that additional support is well targeted, using a judicious blend of in-class support and withdrawal.
- e) Use the most appropriate resources to support learning, taking into account individual learning styles and ensuring that the development of pupils' literacy skills has the highest priority.
- f) Continuously monitor and evaluate the effectiveness of our provision for all pupils, including those with SEND, to ensure that we are providing equality of educational opportunity and value for money.

Objectives:

Through the application of this policy we wish to:

- a) Ensure compliance with National SEND Policy, most currently the DfE SEND Reforms, Children and Families Act 2014 and the SEND Code of Practice 2015.
- b) Work closely with the LA in developing their Local Offer and complying with locally agreed policies and procedures.
- c) To operate a 'whole pupil, whole school' approach to the management and provision of support for SEND.
- d) Ensure all staff implements the school's SEND policy consistently - fully endorsing our belief that every teacher is a teacher of every child including those with SEND.
- e) Ensure that there is no discrimination or prejudice.
- f) Ensure all pupils have access to an appropriately differentiated curriculum.

- g) Recognise, value and celebrate pupils' achievements at all levels.
- h) Work in partnership with parents/carers in supporting their child's education.
- i) Guide and support all school staff, governors and parents on SEND issues.
- j) Meet the individual needs of all children irrespective of whether they have physical, sensory, emotional, social, mental health, specific or general learning needs.
- k) Provide appropriate resources and ensure their maximum and proper use.
- l) Involve the pupil in the process of identification, assessment and provision and to ensure that the pupil is aware that his/her wishes are taken into account as part of the process and of the shared responsibility in meeting his/her educational needs.
- m) To provide an appropriately qualified Special Educational Needs Co-ordinator (SENCO) who will oversee and work with the SEND Inclusion Policy.
- n) To provide support and advice for all staff working with pupils who have SEND.
- o) Support pupils with SEND to develop their personality, talents and abilities to the full. (UNCRC Article 23)
- p) Encourage all pupils with SEND to develop a respect for human rights, respect for parents, their own and other cultures and the environment. (UNCRC Article 29)

SECTION 3 - IDENTIFYING SPECIAL EDUCATIONAL NEEDS

A child has a learning difficulty or disability if he/she:

- greater difficulty in learning than the majority of children of his/her age. and/or
- a disability that prevents or hinders them from making use of educational facilities/ provision that is normally available.

In addition, we identify special educational needs within the context of the usual differentiated curriculum of the school. Pupils are identified as having SEND if they are not making progress within a curriculum that:

- a) sets suitable learning challenges
- b) responds to pupils' diverse learning needs
- c) aims to help pupils overcome potential barriers to learning

In accordance with the SEND Code of Practice 2015, four broad categories of need are identified:

- Communication and Interaction
- Cognition and Learning
- Sensory and/or Physical Needs
- Social, Mental and Emotional Health.

Whilst it is clear that the purpose of identification is to work out what action the School needs to take, it is not our purpose to fit a pupil into a category and serves solely to identify the needs of each individual pupil by considering the whole child, not just his/her special educational needs.

The school will always take needs that are NOT SEND but that may impact on progress and attainment into account for example:

- Attendance and Punctuality
- Health and Welfare
- EAL
- Being in receipt of Pupil Premium
- Being a Looked After Child (LAC)
- Being the child of a Serviceman/woman

The identification of behaviour as a need is not an acceptable way of describing SEND and any concerns relating to a child's behaviour will be described as an underlying response to a need which the School has recognised and identified clearly.

SECTION 4 - FUNDING TO SUPPORT PUPILS WITH SEND

Universal	SEN Support	High Needs & EHCP
Funded by Age Weighted Pupil Unit (AWPU). This represents the per pupil funding which is provided for all pupils and is within a school's formula. This is the funding provided for the school to make educational provision which includes all the costs incurred by school to run the building, site, staff, heating, lighting, resources and equipment,	This represents the funding provided to schools which are intended to be used as a contribution to the costs of the whole school additional SEN support arrangements up to the threshold of £6,000 per pupil. Again this is not individual pupil funding but contributes towards additional resourcing, staffing, outside agencies, specialised programmes and equipment for pupils with SEND.	This represents the additional funding provided to the school from the High Needs Block where the cost of supporting an individual pupil's needs is deemed to meet the criteria for High Needs funding. Where a pupil meets the criteria for Element 3 funding the school will make an individual application for this.

Meare Village Primary School offers a wide variety of provision for the children that attend. Some children will progress with the universal provision that is provided for all children that attend. Some may need additional, targeted provision for needs that are additional to and different from their peers. Others may need further specialist provision to cater for individual, specialist needs. In addition to this, details of Somerset's Local Offer that provides information on the services available for children and young people with SEND and how to access them can be found at: <https://www.somerset.gov.uk/education-and-families/somersets-local-offer/>

SECTION 5 - A GRADUATED APPROACH TO SUPPORT OF SEND AT MEARE VILLAGE PRIMARY SCHOOL

At Meare Village Primary School, all teachers are responsible and accountable for the progress and development of all pupils in their class including where pupils access support from specialist staff and teaching assistants. High-quality teaching, differentiated for individual pupils, is the first step in responding to pupils who have SEND. 'Quality First' teaching is a priority of the school. It is regularly and rigorously monitored and there is a focus on continual improvement of the teaching of all pupils, including those at risk of underachievement. This includes reviewing and, where necessary, improving teachers' understanding of strategies to identify and support vulnerable pupils and their knowledge of the SEND most frequently encountered. Close liaison is maintained with all members of staff by the SENCO to ensure that pupils are only identified as having SEND if they do not make adequate progress once they have had appropriate interventions/adjustments and good quality personalised teaching.

Details of the provision on offer at Meare Village Primary School can be found in the School Offer in the SEND section of the School's website (<https://meareprimary.co.uk/sen.htm>) and on the local authority website: <https://www.somerset.gov.uk/education-and-families/somersets-local-offer/>

Levels of Need

Meare Village Primary School's Graduated Response consists of three levels as follows:

Cause for Concern

This refers to pupils who may, for some reason, have fallen behind and require some additional input to catch up. A pupil in this category may have one or more of the following indicators :

- Be at risk of not meeting their targets
- Currently working at a standard below National expectations and their targets will not bring them above this level
- New entrants to the school whose needs are still being assessed
- Currently have barriers to their learning e.g.
 - Their behaviour is disruptive
 - There are attendance/lateness issues
 - Concerns over their mental health
 - The family is currently experiencing challenges
 - They have EAL (English as an Additional Language)

All class teachers are required to keep a list of pupils who they are monitoring at Cause for Concern level and to identify and implement strategies to address their needs to enable them to catch up. This will involve conversations between the class teacher, SENCO and parents which will include problem-solving, planning support and strategies for the individual pupils.

Pupils at this level of need DO NOT form part of the School's RON and, in line with the Code of Practice, the School ensures that everything is done at as early a stage as possible to avoid the need for SEN Support. However, if after a period of time, an individual does not catch up, it is at this point that consideration will be given as to whether they need SEN support.

SEN Support

Pupils are placed on the RON at this level after assessment and consultation between the SENCO and Class Teacher when it is established that they have a significant learning difficulty and need provision that is **additional and different**.

At this point, parents/carers will be informed of the decision and the School will continue to work in partnership with them, listening to their views and those of the pupil, and involving them proactively in planning and decision making. This will take the form of a half-termly 'Assess- Plan-Do -Review Cycle.'

Assess

- Teacher's high quality, accurate formative assessment and experience of child
- Pupil progress, attainment and behaviour
- Development & attainment in comparison to peers
- Views and experiences of parents

- The child's own views
- If relevant, assessments, views of and advice from external services.

Plan

A plan will be drawn up by the SENCO & class teacher in consultation with parents and child. It will include:

- The outcomes agreed for the next half term
- The support and interventions to be put in place
- The expected impact on progress, development or behaviour
- A clear date for review
- The plan will be recorded on the pupil's Individual Provision Map (APDR document).
- A copy will be given to the parents.

Do

- The class teacher remains responsible for working with the child on a daily basis and works closely with LSAs or specialist staff to plan and assess the impact of the interventions.
- The SENCO supports the class teacher in the further assessment of the child's particular strengths and weaknesses, in problem-solving and advising on the effective implementation of support.

Review

- Parents will be invited to attend review meetings with the SENCO and/or class teacher at least termly in order to monitor/ review the effectiveness of the support and the impact on the child's progress. Children's views will be gathered either before, or during, the meeting. This meeting may be part of, or separate from, the usual parent-teacher meetings.
- A new plan will then be drawn up and added to the ongoing Individual Provision Map.
- Parents will be given copies of all notes recorded at the review.

Involving Specialists

If a child continues to make little or no progress over a sustained period, or where they continue to work at levels substantially below age expected despite SEN Support, the school will involve specialists including those from outside agencies. The views of parents/carers and the child are considered at all levels of intervention.

Education, Health and Care Plan

Pupils who need more specialist provision and whose needs cannot be wholly met at SEN Support level will be the subject of Statutory Assessment. This is completed by the SENCO who obtains the views and information about the child from all other professionals involved in their education, health and/or care. Parents'/Carers' views and those of the child are obtained and will be considered in order for a recommendation for an EHCP to be made to the Local Authority. The LA then consider the application and issue an EHCP as appropriate. For further parental information and support on requesting an EHC needs assessment, please talk to the SENCO or visit the Somerset Local Offer website

<https://choices.somerset.gov.uk/025/education/> or Somerset Special Educational Needs and Disabilities Information, Advice and Support (SENDIAS) website

<https://somersetsend.org.uk/>

There is a statutory requirement to review an EHCP annually. This review meeting is held at the school with the parent(s), child and all professionals involved invited to attend. The

information gathered is then submitted to the Local Authority within 2 weeks of the meeting and they then amend the EHCP as necessary.

In addition, pupils with an EHCP are subject to the Assess-Plan-Do-Review Cycle.

The SENCO is responsible for:

- a) Assessing specific needs of students with SEND, including application for Statutory assessment.
- b) Managing the screening of pupils for dyslexia and dyscalculia via the Virtual School core offer service.
- c) Liaising with other schools to aid transition
- d) Ensuring all relevant information is forwarded on to new school.
- e) Day-to-day operation of the school's SEND Policy
- f) Liaising and advising class teachers and support staff.
- g) Maintaining the SEN Record of Need and the records of all pupils with SEND.
- h) Liaising with parents/carers of pupils with SEND.
- i) Liaising with external services including the Educational Psychology Service, Social Care, Early Support etc.
- j) Planning and/or attending review meetings for pupils with SEND, including those with an EHCP.
- k) Applying for access arrangements eg additional time for KS2 SATs.

SECTION 6 - CRITERIA FOR EXITING THE SEN RECORD OF NEED

- The school's policy on Supporting Pupils with Medical Conditions can be found on the school website.
- Transition meetings between class teachers to discuss the needs of individual pupils with SEND take place in July and will include the passing on of all records including all Individual Provision Maps.

- We ensure that Y6 pupils with specific SEND can access KS2 SATS. The SENCO, in liaison with the Y6 class teachers, ensures access arrangements have been made in a timely manner.
- Additional transition meetings are arranged between the class teacher and secondary school SENCO for any pupils transitioning from Year 6 to Year 7 that are on the SEN Record of Need.

SECTION 8 - SUPPORTING PUPILS AT MEARE VILLAGE PRIMARY SCHOOL WITH MEDICAL CONDITIONS

- The school recognises that pupils at school with medical conditions should be properly supported so that they can have full access to education, including educational visits and physical education. Some children with medical conditions may be disabled and where this is the case, the school will comply with its duties under the Equality Act 2010.

- The school follows guidance published by the DfE which can be found at www.sendgateway.org.uk

SECTION 9 - MONITORING AND EVALUATION OF SEND

Please refer to information given in Section 5 of this policy. The quality of provision offered to all pupils with SEND is continuously monitored through ongoing daily, weekly, termly and annual review, on an individual and cumulative basis in conjunction with the Governors, Headteacher, SLT, teaching staff and parents in line with an active process of continual review and improvement of whole school practice.

SECTION 10 - TRAINING AND RESOURCES
