Drop off and pick up routine

The playground gates are open from 8.30 am, for the first few days only you could go to the Pyxis class cloakroom to help your child hang up their coat.

This will get them into a good routine, right from the start!

Pick up on the first two days will be at 12.30pm and the next two days will be at 1.30pm as the children will stay for lunch.

Please wait at the rear of the classroom near our outdoor area we will send the children out one at a time.

Just let us know in the morning if somebody different will be picking up your child and ask that person to make themselves known to us at the end of the day. We soon get to recognise Grandpas and Aunties!
